TOTAL SCORE:

Scoring: To calculate your child's score, assign the following points for each response:

- **Not yet = 0 points**
- **Sometimes = 5 points**
- **Yes, regularly = 10 points**

Add up the total points for all ten questions to get your child's overall score in the fine motor domain.

Interpretation:

0 to 30 points: Your child may need additional support in developing fine motor skills. Consider discussing the results with your healthcare provider or early childhood educator for further evaluation and intervention.

35 to 65 points: Your child's fine motor skills are developing at an appropriate pace for their age.

70 to 100 points: Your child is showing advanced fine motor skills for their age.
