

# CBC Blood Test

|  |  |   |
|--|--|---|
| Patient information  |  |   |
| Name:  |  | Date of birth:  |
| Medical ID:  |  | Gender:   |
| Attending physician:   |  | Physician ID:   |
| Relevant medical history   |  |   |
|  |  |   |
| Blood draw details   |  |   |
| Number:  | Draw date:   | Draw time:  |
| Reason for CBC blood test:   |  |   |
| Lab name:  |  |   |
| Symptoms   |  |   |
| <input type="checkbox"/> Bruising<br><input type="checkbox"/> Fatigue<br><input type="checkbox"/> Dizziness<br><input type="checkbox"/> Joint pain<br><input type="checkbox"/> High blood pressure | <input type="checkbox"/> Bleeding<br><input type="checkbox"/> Fever<br><input type="checkbox"/> Nausea<br><input type="checkbox"/> Inflammation<br><input type="checkbox"/> Low blood pressure | <input type="checkbox"/> Weakness<br><input type="checkbox"/> Headaches<br><input type="checkbox"/> Vomiting<br><input type="checkbox"/> Abnormal heart rate<br><input type="checkbox"/> None |
| Other symptoms:  |  |   |
|  |  |   |

Please include the normal ranges for the lab, specific to the patient's demographic.

# Results

| Component   | Results<br>(include units) | Normal<br>ranges | Interpretation |
|---|----------------------------|------------------|----------------|
| Red blood cell count<br>(Erythrocytes)              |                            |                  |                |
| Hemoglobin  |                            |                  |                |
| Hematocrit  |                            |                  |                |
| Erythrocyte sedimentation rate                      |                            |                  |                |
| Red cell distribution<br>width                      |                            |                  |                |
| White blood cell count<br>(Leukocytes)              |                            |                  |                |
| Monocyte count                                      |                            |                  |                |
| Lymphocyte count                                    |                            |                  |                |
| Neutrophil count                                    |                            |                  |                |
| Basophil count                                      |                            |                  |                |
| Eosinophil count                                    |                            |                  |                |
| Platelet count<br>(Thrombocytes)                    |                            |                  |                |
| Mean corpuscular volume<br>(MCV)                    |                            |                  |                |
| Mean corpuscular<br>hemoglobin (MCH)                |                            |                  |                |
| Mean corpuscular hemoglobin<br>concentration (MCHC) |                            |                  |                |
