

ESA Letter California

Dear

Re: Emotional Support Animal (ESA) Letter

I am writing this letter to certify that _____ is my patient and has been under my care for the treatment of _____. It is my professional opinion that the presence of an Emotional Support Animal (ESA) would provide therapeutic benefits and support for _____ in managing his mental health.

Based on my clinical evaluation and the patient-provider relationship we have established, I believe that having an ESA is a vital part of their mental health treatment plan. The use of an ESA is not just for companionship but is considered an important accommodation to alleviate the symptoms associated with _____.

I am a licensed _____ in the state of California, and this letter is issued in accordance with California law. I am aware of the responsibilities and ethical considerations related to ESA letters and have determined that an Emotional Support Animal is an appropriate and necessary part of _____ mental health treatment.

Please feel free to contact me if you require further information or clarification. I trust that Mr. Anderson will be responsible for the care and management of their Emotional Support Animal.

Sincerely,
