

ESA Letter Michigan

Dear

I am writing this letter to certify that _____ is my patient and is under my care for the management of _____. As part of his treatment plan, I have determined that the presence of an Emotional Support Animal may provide therapeutic benefits and alleviate symptoms associated with his condition.

The patient meets the Diagnostic and Statistical Manual of Mental Disorders criteria for this diagnosis. Based on his clinical presentation and history, I believe having an ESA will contribute positively to his emotional well-being and overall quality of life.

According to the Fair Housing Act (FHA) and the Air Carrier Access Act (ACAA), individuals with mental health disabilities are entitled to reasonable accommodations, including the presence of an ESA in housing and during air travel. Therefore, I recommend that _____ be allowed to reside with his ESA and be granted the necessary accommodations while traveling.

_____ ESA, _____ is essential to his treatment plan and provides him with emotional support and companionship. I have discussed the responsibilities of owning an ESA with John Smith, including ensuring his animal's good behavior and compliance with applicable regulations.

I kindly request that you accommodate _____ need for an ESA in accordance with federal laws and regulations. If you have any questions or require further information, please do not hesitate to contact me at _____.

Thank you for your attention to this matter.

Sincerely,
