Attending physician's full name and signature:
VI. <u>EXTREMITIES</u>
VI. EXTREMITIES  Inspect and palpate arms and legs for the possibility of any deformities
☐ Inspect and palpate arms and legs for the possibility of any deformities
<ul> <li>Inspect and palpate arms and legs for the possibility of any deformities</li> <li>Palpate the legs to check for the possibility of edema</li> </ul>
<ul> <li>Inspect and palpate arms and legs for the possibility of any deformities</li> <li>Palpate the legs to check for the possibility of edema</li> </ul>
<ul> <li>Inspect and palpate arms and legs for the possibility of any deformities</li> <li>Palpate the legs to check for the possibility of edema</li> </ul>

Attending physician's full name and signature:	
VI. PERIPHERAL VASCULAR EXAMINATION	
☐ Bilateral palpation of radial pulses	
☐ Bilateral palpation of brachial pulses	
☐ Palpation of posterior tibial pulses	
☐ Palpate dorsalis pedis pulses	
Attending physician's full name and signature:	
VIII NEUDOLOGICAL EVAMINATION	
VIII. NEUROLOGICAL EXAMINATION	
☐ Assess the motor strength of their arms	
Assess the motor strength of their legs	
Assess their reflexes with a weighted reflex hammer	
☐ Assess their gait	
☐ Assess their sensations by touching their extremities	
☐ Assess their cerebral function	

Attending physician's full name and signature:	
IX. MUSCULOSKELETAL EXAMINATION	
☐ Inspect the knees (palpate them, check their range of motion, and assess their strength)	
☐ Inspect the shoulders (palpate them, check their range of motion, and assess their strength)	
☐ Inspect the hip (palpate it, check its range of motion, and assess its strength)	
☐ Inspect the back/spine (palpate it, check its range of motion, and assess its strength)	
Attending physician's full name and signature:	
X. MISCELLANEOUS	
Urinalysis	
☐ Stool analysis	
☐ Hernia examination	
Attending physician's full name and signature:	

XI. <u>FOR MEN ONLY</u>
☐ Testicular examination
☐ Prostate examination
Attending physician's full name and signature:
XII. FOR WOMEN ONLY
☐ Breast examination
☐ Pap smear
Attending physician's full name and signature:
