Growth Mindset Worksheet

Name:											
Age:	Occupation:										
Clinician:	Date:										
Instructions: Work with your coach or therapist to complete the following sections on this worksheet. Try to be as honest and thoughtful as possible.											
Reflection											
1. Mindset assessment											
On a scale from 1 to 10 (where 1 represents a fixed mindset and 10 represents a growth mindset), where do you think you sit? Please circle just one number below:											
1 2 3 4 5	6	7	8	9	10						
Fixed Neutral					Growth						
2. Identifying fixed mindset beliefs											
List any negative beliefs or thoughts you experience regularly. Include any limiting beliefs about your abilities, potential, or character:											
3. Recognizing growth mindset thoughts											
Reflect on any recent situations where you exhibited a growth mindset. This can include a time you persevered through something difficult, a time you improved, or a time you surprised yourself with your abilities:											

Goal setting
1. Short-term goals
Identify two short-term goals for fostering your growth mindset. These should be achievable within the next month:
2. Long-term goals
Identify two long-term goals that reflect your commitment to personal/professional/academic growth:
Positive affirmations
'I am' statements: Write three positive and growth-oriented affirmations beginning with 'I am.'

Progress	reflection
