

Kinsey Scale

Name	Date
 <p>The diagram illustrates the Kinsey Scale as a horizontal bar divided into six equal segments, numbered 0 to 6. A diagonal line starts at the midpoint of segment 0 (0.5) and ends at the midpoint of segment 6 (5.5). The area below this line is shaded gray, representing the range of bisexual responses. The left side of the bar is labeled 'Exclusively heterosexual' and the right side is labeled 'Exclusively homosexual'. Below the bar, an arrow points to the right with the text 'Varying bisexual responses'.</p>	
Rating:	
Scale interpretation	
<ul style="list-style-type: none">• 0: Exclusively heterosexual• 1: Predominantly heterosexual, incidentally homosexual• 2: Predominantly heterosexual, but more than incidentally homosexual• 3: Equally heterosexual and homosexual• 4: Predominantly homosexual, but more than incidentally heterosexual• 5: Predominantly homosexual, incidentally heterosexual• 6: Exclusively homosexual
