12. S/he thought s/he could never be as good as other kids	☐	☑	☐
13. S/he felt s/he did everything wrong	☐	☑	☐

Notes:

Based on the responses provided, it appears that your child has been experiencing a range of emotional and behavioral symptoms over the past two weeks. These symptoms may indicate the presence of emotional distress, which could potentially be related to mood or mental health issues. It's important to further assess and address these concerns to ensure your child's well-being.
