Negative self-talk is the internal dialogue that can impact how we feel about ourselves, our abilities, and our experiences. It can create feelings of self-doubt, anxiety, and depression, which can affect our mental health and well-being.

The Negative Self-talk Worksheet is divided into three sections, each designed to guide you through identifying your negative self-talk, examining the evidence that supports it, and developing alternative, positive thoughts to counteract it.

By completing the worksheet, you can better understand your negative self-talk patterns and develop strategies to overcome them.

Section I. Assessing Negative Self-Talk

Answer the following questions to assess your negative self-talk:
