Your results

After you have completed the test, you can add your scores up from each question. For each question, if you respond with, for example, "Agree," you would assign a score of 4 to that question. If you responded with "Strongly Disagree," you would assign a score of 1.

Your score:

Score key	
15 - 30	<p>Considerable misalignment</p> <p>A career in psychology may not be the best fit at the moment for you. You may wish to explore other options that better match your interests and strengths.</p>
31 - 45	<p>Moderate alignment</p> <p>While there are some aspects of psychology that appeal to you, it's important to weigh the pros and cons. You may want to take time to explore further and consider talking to professionals in the field for insights.</p>
46 - 75	<p>Strong alignment</p> <p>Your responses suggest a good fit for a career in psychology. Explore educational and career paths within the field, and consider seeking guidance from professionals or academic advisors.</p>

Disclaimer: It's crucial to note that this test isn't meant to provide a definitive answer about your career path. Rather, its goal is to help unveil your strengths, talents, and interests that align with psychology.
