

Therapeutic Worksheets

Name:

Age:

Part 1: Emotion Identification

Objective: To help individuals identify and regulate their emotions effectively.

Instructions: In the left column, list different emotions you commonly experience.

In the middle column, write down the situations or triggers that often lead to these emotions.

In the right column, explore healthy coping strategies or actions you can take when you experience these emotions.

Emotion	Trigger	Coping Strategies

Part 2: Goal Setting and Action Plan

Objective: To help individuals set and work toward their therapeutic goals.

Instructions: Set a clear therapeutic goal, break it into achievable steps with deadlines, and plan how to overcome challenges. Continuously monitor your progress and make necessary adjustments to stay on track.

Therapeutic Goal
